

WORK SESSION

Challenges & Barriers to FAFSA Completion

Identify the **barriers to FAFSA completion**, and in doing so, also identify if these are **real or perceived barriers** as well as identifying which ones are in our sphere of control to solve collectively. The solution component of this discussion is critical for your consideration as well.

Consider best practices that are offering improvements in other states – also consider how, why, and if the Alaska context is different and how we can adopt and adapt to these practices.

One person from each table to pick up a large post-it located around the room to bring back to your table. Please be sure to have at least one person taking down the notes and ideas during this session.
